

→ Lift for vans, trucks, trailers and semi-trailers

DH-VZG.01 • 150 kg

The DH-VZG is a safe and easy-to-use compact interior lift, designed to handle **small loads** (parcels, boxes, barrels, small machinery,...).

Option OAU803 is specially adapted for **gas bottles**. It includes a smaller platform and a bottle holder to secure the bottles in vertical position.

The DH-VZG.01.01 features a **fixed frame**, whereby the platform travels straight up and down from its mounting position inside the vehicle. The DH-VZG.01.02 is equipped with an **swing-out frame**, whereby the platform can pivot from a travel position inside the vehicle to a work position outside of the vehicle, and then go up and down.

Travel position inside vehicle

Work position - UP

Work position - DOWN

Compact, simple lift for the smallest loads
